

Northwind Home CarePlus Service Plans and Support Service Levels

Document ID	Version	Effective date
NWH-SVC-004	1.8	April 1, 2026

1. Plan Overview

CarePlus is an optional protection and support plan for Northwind Home devices. It is available in two tiers, CarePlus Basic and CarePlus Premium, and can be purchased at the time of device purchase or within 60 days afterward.

CarePlus Basic costs \$4.99 a month or \$49 a year and covers up to 5 registered devices. CarePlus Premium costs \$9.99 a month or \$99 a year and covers up to 15 registered devices.

2. Plan Comparison

Prices are in US dollars and apply per household.

	CarePlus Basic	CarePlus Premium
Price	\$4.99 per month, or \$49 per year	\$9.99 per month, or \$99 per year
Registered devices	Up to 5	Up to 15
Accidental damage protection	Not included	Up to 2 claims per 12-month period, with a service fee of \$29 per claim
Replacement type	Standard replacement after the faulty device is received	Advance replacement shipped before the faulty device is returned
Support channels	Chat assistant 24/7; live chat and email with specialists during business hours	Chat assistant 24/7; priority live chat; phone callback; one free professional installation per year

3. Support Service Levels

Northwind Home aims to meet the following first-response targets for cases raised by customers.

Plan	Live chat (during business hours)	Phone callback	Email
Customers without a plan	Within 10 minutes	Not available	Within 2 business days
CarePlus Basic	Within 5 minutes	Not available	Within 1 business day
CarePlus Premium	Priority live chat within 2 minutes	Within 1 hour	Within 4 business hours

Business hours are Monday to Friday, 8 a.m. to 8 p.m., and Saturday, 9 a.m. to 5 p.m., local time.

The virtual assistant is available 24 hours a day, 7 days a week. Outside business hours, live specialists respond only to Priority 1 safety issues (see Section 4). Any other conversation that needs a specialist outside business hours is converted into a support case, and the customer is contacted at the start of the next business day.

4. Case Priority Levels

Priority	Applies to	Target
Priority 1 (Critical)	Safety issues such as overheating, a burning smell, or smoke from a device. Customers must disconnect power immediately.	A specialist responds within 30 minutes, 24/7, for all customers regardless of plan
Priority 2 (High)	Device completely non-functional; heating or cooling unavailable	Resolution within 2 business days
Priority 3 (Medium)	Partial loss of functionality, connectivity problems, app issues	Resolution within 5 business days
Priority 4 (Low)	How-to questions, feature requests, cosmetic issues	Resolution within 10 business days

5. Transfer to a Live Specialist

A chat with the virtual assistant is transferred to a live support specialist when:

- the customer asks to speak to a person;
- the issue is a Priority 1 safety issue;
- the customer asks for a refund exception, a goodwill credit or another policy exception;
- the assistant has not been able to answer the customer's question after two attempts; or
- the customer says they are frustrated or unhappy with the service.

The virtual assistant passes a short summary of the conversation to the specialist when it transfers the chat.

6. Canceling a Plan

Monthly plans can be canceled at any time from the customer portal and remain active until the end of the current billing month.

Annual plans canceled within 14 days of purchase receive a full refund. Annual plans canceled after 14 days receive a prorated refund for the remaining full months, minus any accidental damage claim service fees that were waived.

7. Exclusions

CarePlus does not cover loss or theft, intentional damage, devices used commercially, or cosmetic damage that does not affect function. Accidental damage claims beyond the annual limit are charged at the standard out-of-warranty repair price.
